OUR PROGRAMS

Homeless Prevention Program

Our Homeless Prevention Program provides Emergency Assistance and short-term case management to households at risk of eviction or foreclosure as well as to households at risk of utility shut-offs.

Supportive Housing Programs

Our Supportive Housing Programs provides Emergency Assistance and ongoing supportive, home-based case management services to help ensure housing stability and long-term self-sufficiency.

Emergency Shelter & Outreach Programs

Our Family Emergency Shelter provides assistance to families experiencing literal homelessness. While in our Emergency Shelter families work towards self-sufficiency and securing permanent housing.

Our Severe Weather Activation Program (SWAP) provides motel vouchers to those experiencing literal homelessness during periods of inclement weather.

Our Homeless Outreach Program provides engagement and case management to connect people experiencing unsheltered homelessness to housing, shelter, and other critical services.

Our Respite Housing Program provides quick diversion services for situational homelessness which includes motel vouchers for a 2-week stay (flexible length for households fleeing domestic violence).

Thanks to Almost Home, my son and I are able to stay in our home. I lost an excellent job with good pay due to COVID-19 and have struggled to find a job that pays as well. Thankfully the assistance we received helped me to get caught up on my overdue rent. Now I can stress a little less and enjoy my son in our home. We can't thank you enough!"

ABOUT US

Our Goal:

To confront and prevent homelessness in our region.

Our Objectives:

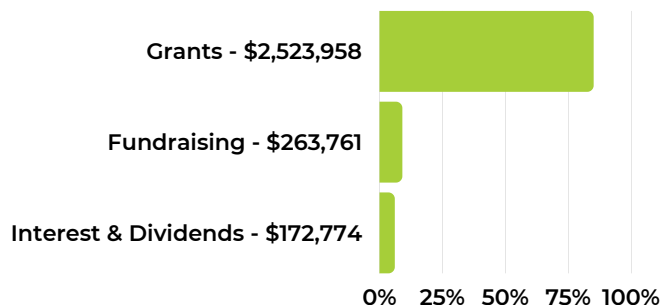

- To provide safe emergency sheltering options for individuals and families experiencing homelessness.
- To connect individuals and families experiencing homelessness to safe, affordable, and healthy housing through Housing Navigation services.
- To prevent individuals and families from becoming homeless through direct financial assistance and supportive case management.
- To work collaboratively within the community to seek long-term solutions to confront and prevent homelessness in our region.
- To provide resource navigation services to address systemic challenges leading to housing insecurity.
